MESSAGE FROM OUR DEPARTMENT CHAIR

"How have you led or worked within a group to achieve a common goal? Describe an ethical dilemma that you faced and how you resolved your difficulty. Why have you chosen the field of Supply Management?" These were the questions that **Sarah Tritle** needed to answer to show that she is the best candidate for the R. Gene Richter Scholarship, one prestigious scholarship funded by the R. Gene and Nancy D. Richter Foundation partnered with the Institute for Supply Management (ISM). Sarah Tritle, a Supply Chain Management major, competed with 55 candidates in the nation and successfully entered the [top 19 chosen candidates](#). She was then interviewed by three supply chain executives including the founder, Nancy Richter herself. Again, success put her in the final round of this competition. Now Sarah will be interviewed by a senior executive at Hewlett Packard in late March. We wish Sarah the best and hope to hear good news in early April!

In this issue, you will find the latest news of student activities, events, and faculty achievements. We are extremely proud of our students, alumni, and faculty. Thank you for your continuing support!

Enjoy the spring!

Dr. Shu Schiller
Department Chair

JOB OPPORTUNITIES: THESE COMPANIES ARE HIRING

- ? Information Technology Intern with American Cutting Edge
- ? Purchasing Intern with BWI Group
- ? Manager, Project Management with Boost Technologies
- ? Procurement/Safety & Compliance Management with Boost Technologies

MASTER PROGRAM HIGHLIGHTS

The period of April 1st to June 30th is our critical recruitment period for our Fall 2016 Cohorts for Master of Information Systems and M.S. of Logistics and Supply Chain Management. We ask that all subscribers help us to continue to make these programs successful by recommending the programs to their friends, family and associates. As noted in the events, we will have a “Taste Your Master's” event at the end of April on Saturday the 30th. This is a good way for interested parties to get a “taste” of what our programs are about and a great opportunity to ask questions of current students and faculty.

Donald H. Hopkins

Interim Director

ISSCM Masters Program

donald.hopkins@wright.edu

Jan 2016. US News Best Online Programs ranking, two master programs together ranked 59/91.

DIGITAL MIXER

The Digital Mixer is an annual event that brings together students, faculty and information technology professionals to network and connect with regional IT employers. Our Digital Mixer was held on February 24 this year and once again turned out to be a huge success!

STAFF DEVELOPMENT DAY

Staff Development Day took place on Super Tuesday, March 1. Staff enjoyed the informative and fun classes; they also participated in the kick-off of debate season at Wright State University by taking part in the Debate Launch Luncheon. Donna Schlagheck, Professor Emerita, Department of Political Science and Gavin Doll, President, Student Government, spoke about how the university and the region are preparing to host the first presidential debate on Sept. 26, 2016 at the Wright State University Nutter Center.

CARESOURCE WORKSHOP

On March 8, CareSource and the ISSCM department hosted a hands-on deep dive workshop on analytics at CareSource headquarters, downtown Dayton. A group of 30 students and faculty joined a team of analytics and research professionals lead by Bob Gladden, VP for Analytics. The workshop focused on exploratory analytics, predictive analytics, visualization, and healthcare research.

FACULTY RESEARCH SPOTLIGHT

The Raj Soin College of Business will nominate Dr. Anand Jeyaraj for the University's 2016 Distinguished Professor of Research Award! Since Dr. Jeyaraj joined WSU in 2006, he has published 16 articles in peer-reviewed journals and a number of papers in conference proceedings. Dr. Jeyaraj's latest publication investigated information technology impacts on firm performance and was published in MIS Quarterly, the top journal in the field of Information Systems. Dr. Jeyaraj's accomplishment in scholarship has produced a significant contribution to the information systems research community and noteworthy impact on IT practice in organizations. Let's wish Dr. Jeyaraj the best to win the University's

Research Award.

BUSINESS 1000

We are extremely thankful for ISSCM Advisory Board members Nick Timmerman (Midmark) and Ben Rhinehart (Crown), and their teams for speaking at the Business 1000 class on March 16. They provided a unique perspective to the Information Systems and Supply Chain majors by introducing the business value of the majors and sharing the professional lives of working in these fields.

MARK YOUR CALENDAR

April Craze - April 15, 10AM to 3PM, north lawn on campus

ISSCM Awards Dinner - April 20, 6PM to 8PM, Student Union

Masters Programs 3rd Residency - April 29, 30, and May 1

Taste Your Master's - April 30, 11AM to 1:30PM Click [HERE](#) for more information and to RSVP

The "Taste Your Master's" event for prospective students for the M.S. of Logistics and Supply Chain Management and the Master of Information Systems is Saturday, April 30th from 11:00 AM to 1:30 PM at University Park across from the university (easy parking). This is an opportunity for prospective students to get an understanding of what is involved in our accredited graduate programs plus they have the opportunity to talk to current students over a free lunch. These are unique programs that offer a Master Degree in one year with a combination of on-campus residencies (11 days total) and online courses designed for the working professional.
